“ Mark. Your death took us all by surprise. And it is just now sinking in that you are not here on this earth anymore. You were a very strong man and you lost a battle that you fought very hard. This christmas was not the same without you here. And it is very hard on your brother and everyone who loved you. I haven't known you for my entire life. But I've known you for the last 15 years and I want you to know that you will not be forgotten and your brother will carry on. The fact that you were the third sibling to pass away in the last year is so hard to take. Just know, your brother loves you very much. And I am praying that you're in God's arms. We will make sure that we help take care of now this is the people that you left behind as best we can.
