“ It's impossible to put into words the positive effect that Marty had on Tampa Microwave. When he joined us, the Operations department was very much a work in progress. As we grew, Marty guided his team using his experience and wisdom to fix a lot of problems with process and organization. He understood that all of us work for our military customers and no sacrifice or effort was too much to ask to make sure they had reliable equipment to use in their critical missions. His legacy is the people he trained and the structure he developed which have enabled Tampa Microwave to be successful.

“ Shelley and Family:

I am so sad to get this news....my thoughts and prayers are with the Carroll family. I have known Marty since high school and In fact Marty and I were roommates in the early 1980's. I could tell you so many Marty stories if I was able to attend his services but we are at our Florida residence for the winter. Our sincere condolences.

“ My name is Harry Xenitelis & I worked with Marty these past 2.5yrs at Tampa Microwave. In working with Marty to resolve a variety of issues, determine who should work what (his group or mine), etc I found him to be a great guy! I enjoyed working with him, even when the topic wasn't so pleasant. I could tell he was a true Patriot too (which means a lot to me, a 30yr Army guy). He was well respected in business, a man of character. I am proud to have known him & a better business man because of him. I will miss him & our professional chats in the halls of Tampa Microwave. My thoughts & prayers go out to the family, friends, and all that were touched by Marty.
