“ *I am so glad I got to see you a few days ago. I was watch her talk to some of the girls in her family about the family tree and she looked so happy talking about her family and passing along the information from her past. May you rest in peace now Ms. Torn*

“ Nanny!

I could say some many things about you, but I wouldn't have enough room. I love you to the moon and back. I really can't explain how much you mean to me. You will always, always, always have that special place in my heart. I know your in a better place now, along side Poppy, as hard as it is.. I know it's for the best. Every time you walked into a room, you brightened it up instantly. You have left me with memories to last a life time. You have taught me so much about life, and made me look at it completely differently. I know I wouldn't be where I am today without your kind hearted advice, and your abundant love. You were a one of a kind grandma. And I thank God everyday that you were a part of my life. I know your in heaven smiling down on all of us, and watching over us. Boy what a beautiful angel you are. I love you!

Never forget, always remembered.

*Love you forever and always,
Your Granddaughter*
