“ *I love this picture, that's how I like to remember him. I have so many great memories of him, one of my favorites was the time we went fishing and we were fixing to go across a long bridge and the gas gauge didn't work, he thought we were almost out of gas, after a short conversation with no one telling him the gauge was broken, he said " if you'll just stop this van, I'll get out and stop traffic where we can turn around" He was very serious LOL Great memories. He was loved very much and I will miss him.dearly.

And then getting ready to come back it was pouring rain and he told me "hurry up Sandra Kay " then "never mind I'm already soaked"! Loved him so much and I will miss him.

“ I love my uncle so much & he did an amazing job at raising my cousins & us. I know he did my Dad proud as he filled the role of our father after he passed. Love you uncle. Thank you for all you did

“ I love that picture. That's what he looked like when we were growing up. All that hair is how he got the nickname Bear. There was another man in the auto shop he worked at that also had the name bear. My dad told him, "there's only one difference between you and me, this bear bites"

This picture is how I will always remember him. He was such a wonderful person and everyone that knew him loved him. I will miss him so much. I have so many great memories of growing up with him and so thankful of the memories I have as an adult. Will never forget the first time he came to Alaska, had a lot of great times up there also. Stanley I love and miss you already and there is a hole in my heart that will never be filled until I see you again with our heavenly Father.
