“ I remember when I was getting ready for graduation from high school and my Mom was in the hospital and unable to attend, Tricia was there with me and made sure that I had everything I needed including lending me her dress that she worn the previous year at her graduation. Tricia taught me how to macramé. We had great times making plant hangers and other crafts. We also took cake decorating classes together. She was a LOT better at decorating cakes than me. Tricia was in my wedding. No matter what we did together it was always filled with laughter. Love those memories and many more with my friend. Continued prayers for the family.

“ *Tricia was my very best friend. I will miss her so much but I know the best tribute we can all pay to her is to enjoy our lives with our friends and family. Hug your kids, your parents, your friends and tell them you love them. She was a great lady with lots of love to share - let's keep her passion for life going in each of us!*

“ *Tricia and I didn't see each other after high school but she was such a big part of my high school life. She was my neighbor and I spent many nights at her house, we rode to school together, and joined the Raiders flag corp together. She was a bridesmaid at my wedding. Tricia was so fun to be around and was a sweetheart. My prayers are for her husband and boys-may you find comfort during this time-please know she touched my life in a special way!*

“ Truly a best friend. I will never forget our NC trip together..our parents were a little worried as two young best friends set out on a week vacation together (no cell phones back then) we were young and crazy. I love this lady so much and will miss her forever. Our time together was to short Tricia but I will see you again my friend. Love and continued prayers for JD, Jarrod, Ethan and family.
