“ Just wanted to say that Phil was such an inspiration to so many folks including me.....I've known both Judy and Phil, and their families for pretty much all of my life!! Also, I've had the privilege of working for Phil's Mom, and for he and Judy for many years! Even though Phil was going through so many medical challenges....he was always positive.....upbeat asking how everything was going in my life.....and always had a joke and a smile!!! Can honestly say that I never heard him complain !! Phil..... your service was beautiful.....you would have been so proud.....and for now.....I won't say Goodbye....I will just say....."See Ya Later" Much Love.... Candy Greene..ps....go Dawgs 😊

“ *I first met him several years ago when he became ill. I had the pleasure of being his nurse as well as having the ability to come and harass him at his home. We had many deep discussions about life, family and future. He became less a patient and into a friend; then less a friend and into family. I adore his wife Judy who took wonderful care of him. My thoughts and love to all the family.*

“*Phil and I had so many conversations about life and his adventures. He is a great man and always made it a point to let others know how appreciative and grateful he was to have them in his life. I will remember Phil for the rest of my life and always remember him fondly.*”
