“Wow that picture of Randy is exactly how I remember him. I went to TBT with Jack and Robbie and used to hang out at the Tempfer's playing guitar with Jack ...so I got to know Roger and Randy as well. I remember Randy as quite the singer and guitar player.... very cool too hang out with ...and a solid dude. I have great memories of hanging out at the Tempfer's never a dull moment. My condolences to the Tempfers and RIP Randy.

I was deeply saddened by the news of Randy's death a few days ago. I grew up with the Tempfer boys and met Randy as a late comer to the 4th grade class of Seffner Elementary School. By luck, the teacher sat us alphabetically, and there was the new kid sitting next to me, Tempfer and Terry. We developed a friendship and he took me home to meet his mom and brothers. The next 5 or 6 years, I, and my two brothers almost lived at the Tempfers house. Their family was so inclusive I felt like another brother. As we grew older and closer, I knew everything about Randy and what a great guy he was. He always had a quest for excitement and not one minute of our childhood was boring. From our walking trips to Lithia Springs to floating down the Alafia River, every weekend was truly an adventure. I remember trick or treating, skating, and riding our bikes to Brandon with the Tempfers. Randy certainly was the essence of "Cool." As I started to write this, I thought it appropriate to put on "Kiss ALIVE II" and relive some memories. My thoughts are now with Janice, Roger, Robi, and Jack. I shared with my 7 year old twin girls some of my childhood adventures with the Tempfer boys and the importance of forging lifelong friendships. They had the opportunity of meeting Janice as toddlers when she came to Northern California a couple of years ago. My family obligations and job precludes me from flying back for the funeral. I just wanted to memorialize some thoughts of Randy and his family. Randy will truly be missed by me and my brothers. P.S. The obituary photo captured the essence of the Randy I remember. Love Always, Rob Terry.

I just want everyone to know what a good person Randy was and he had the biggest heart of anyone I ever knew. I knew Randy practically all of my life and I was married to him for 16 years. I will always cherish the good times we shared together and I wouldn't trade them for anything in the world. I will always love and miss Randy and his son Ricky loved him with all his heart. May he rest in peace and know that he was loved and will truly be missed.

“ My name is Sherriand I knoew Randy because he lived on my farm just before he went back to FL. I just want everyone to know that we liked him very much. He had his issues, as ALL OF US DO!!!! No one is perfect, but Randy was not afraid to admit that he had made mistakes in his life, but was working hard to get back on the right track. Randy always had a smile on his face & a good outlook toward the future. He was always kind to us, worked very hard around the property to make it better than it was when he moved in & was always making improvements to the house..... after he had a long day at work. I want his step-son to know that Randy loved you/him very much and talked of you/him often. He was so very proud of being there to help raise you/him. You/he means so much to him & I think he was most proud of you/him over everything he has ever done.

My thoughts & prayers are with everyone & may you hold your grief lightly in your heart so God may take it from you & replace it with good memories of Randy & the time you shared in each others lives.... intill you meet again.

As for the post below..... yes, it is sad that the driver has to deal with this for the rest of his life, but this isnt the place for the comment. This family has a lot to deal with & your comments are very cruel & uncalled for.

“ *While I do offer my condolences to his family , it is especially sad that this man committed suicide by walking in front of a semi on the interstate. Maybe some of the condolence should go to the driver and his family. They didn't ask to be thrust into Randy's sad ending. The driver of the semi now has an emotional scar that will never go away - seems a little unfair. So while you mourners are grieving remember to say a prayer for the driver and his family as they too are grief stricken. God bless you all.*

Sir Or Madam,

As you did not sign your name i know not who you are. As a member of the family I recognize that there is pain on both sides. To be sure your thoughts although may have come from a good place the condescending nature is unwelcome and unneeded. Please keep your condolences and your prayers. We have them from better places and have no need for a sermon at this time. So find better use for your tme keep it from us as we do not appreciate it.

One more thing if you are so bold as to write in a setting such as this take the time to at least sign your name....If you profess to know the word of GOD then own it.
