“ Mom I will miss you so much more than you will ever know. Now I have no one to remind me of things have forgotten about. You remembered so many memories of the kids. You were always there for any and everyone.

As you put it your mom teaches us everything but how to live without her. You told me you loved me first. I will love you until my last breath . I love you your daughter Jennifer

“ I know it's tough for everyone that loved you to have to say their final goodbyes. I will never forget our childhood growing up and all the fun times we had together even in High School till this past July. You were always a beautiful friend. Gonna miss you and the long talks we used to have. I guess the Good Lord thought it was time to cradle you in his arms and take you to your Heavenly home. My memories of us will last me for the remainder of my life. It saddens me to know the emptiness your children, grandchildren, and the rest of your family feel right now losing you to soon. R.I.P my sweet and precious friend
