“ *My mother was a truly wonderful person. She was the kindest, most caring, person that I have ever known. She had this unique ability to make her loved ones feel so special and important. She was also smart and extremely determined. When she set her mind to something, she always made it happen.*

*She and I were very close and I have so many happy memories with her. We always had so much fun together, regardless of what we were doing. We could talk for hours. I'm still adjusting to the fact that I can't call to share things with her.*

*Although there is never enough time with someone you love, I will be forever grateful for the time that she and I spent together. I feel very blessed to have had her as my mother.*

*Mom, I love you so much and I will miss you more than words can express. I take some comfort in knowing that I will see you again one day. I just have to be patient. Goodbye for now.*

“ We are so sorry to hear of Becky's passing. Becky was a beautiful person inside and out. She was a true friend with a huge heart ready to help anyone in need. My best memories of Becky is when she would invite us over to watch old movies. We shared many laughs and tears. She will truly be missed. Rest in peace Becky as you enter the place Angelo has prepared for you to be reunited once again.
