“ Here it is 2:00 AM and I am thinking of you. I love you, I will confess 2018 was the biggest challenge I have ever experience in my life. I ask God to remove toxie people from my life, HE did ~ I ask God to change me, ~ HE is..... So many questions, unanswered, My heart is in broken pieces, I am just now putting some of the pieces back together with GOD hands, there are pieces I am unable to locate. DO YOU HAVE THEM? My song, GOD OF ALL MY DAYS This has become my favorite song! So thankful for a God that protects, provide and pursues me!!!! In my weakness, He is strong! In my worry, God You are my stillness
In my searching, God You are my answers
In my blindness, God You are my vision
In my bondage, God You are my freedom
In my weakness, God You are my power
You're the reason that I sing
I remember letting you go, but I found you still with me. WHY?
God is answering my prayers daily, and showing me things slowly because only HE can measure what I can handle and HIS timing is perfect. I still have questions, and I realize some I will never have answers, and God has reassured me some answers I never need to know. I feel there is so much I don't have closure on, WHY???

You are not here to help me, to talk too.....IF, I give my love again, can I trust? IS, it real? Find away to come to me in my dreams like you use too!

This song tells MY story ... I am living this song day by day

So often we get it backwards ... we pray "Lord, make a way and I will take that step".

Could it be that the faith that moves mountain starts with us taking that first step and trusting He will make a way? YES YES YES.....

I need direction as I am in the process of closing a chapter in my life.

I love you my dear, YOUR, Wife.....

“ July 9, 2014, life did a wind spin. July 13, 2014 my world shattered and turned upside down and has never been the same.
Life is a precious beautiful gift, elegant and fleeting when it's gone.
We just wish we had one more moment of it~
Like waking up from a beautiful dream when in a blink of an eye that dream is taken from us. I ache for one more chance to say the things I wanted to say to the person who deserves to hear it the most. We would talk about everything.
He would hold me and make me feel safe, we learned from each other. We helped each other, no matter the task...
He was always thinking of me, and I was always thinking of him....never about ourselves.
Coming to our golden retirement years, he made me laugh, and he wanted me to see the world change. In our travels he loved the most watching me see things for the first time.....It's a rare thing to have someone who changed me into a better person.
I miss you, and among so many that miss you also. His smile was contagious and his rosy cheeks..... I could feel him in a room of a thousand. Men and women loved him and loved us....We danced in the rain and danced in the middle of nothing on our kitchen floor....and sing in my ears. Till the very end still gave me goose bumps...Just writing this brings a smile to my face.
Bob Alderson, you were my best friend, husband, Dad, grandfather, great-grandfather (PAPA) partner, lover, and my confidant.
I am no longer sad that he is not here, because he will never leave our hearts and memories. Bob couldn't help it and he did not try to be noble, he just was.

“ Good Morning My LOVE of my life.....I am missing you so much. My Mother's day was empty without you and many of my days and nights....I feel you with me at all times, and I sure wish I could hear your voice. Still trying to get things in order here, but as you know it's not easy. I have learned so much in the last year, things I did not want to know or hear, but Our God felt it was time for me to know...I am still learning and I take that as a good thing...I MISS you SO much. That whole in my heart will never be filled and I am realizing that every day. Stay with me, don't leave me and continue to give me signs that you are there for me....YOU know about our children and what is taken place, I miss that the most about you, you held me together...Again, I LOVE you and miss you.

“ Honey, today was two years ago that we said our last words, how I miss you so much. I remember so many things about US.....Dwight went to be with you and all his other love ones on July 3, 2016 and as you know I feel Judy's pain. I pray every day that I can not be just her friend, but to help her through this difficult time. My life is still changing every day, and there is such a void in my life without you. Between the birds and butterflies and many other things I know you are with me. I LOVE you. Continue to be with me. I talk about you all the time, and I sometimes cry and other times laugh at so many of the memories you left me. Our children, GC and GGC are the best. They talk about you and miss you also, but I know you know that.....LOVE

“ I LOVE and MISS you. I am sure you know that each day and we celebrate new life in our family. On May 23, 2016 River Belle Coiana and on June 19, 2016 Amelia Grace Coiana came into our family. I know YOU were right there. Gino said, Nana I feel Papa right here with me. As I know you can see they are both SO beautiful. On a sad note I know you know what is going on with our Judy and Dwight. I am right there with her and she knows this brings a lot of memories, but that is all good. So you know our Father will be getting another angel in HIS time. We also just lost one of our dearest friend Pat Hopkins and now she is flying with you. I will dearly miss her. I know that you were with us the night she presentenced me with my O.E.S. ring that belonged to her and was given to her by her mother. I still having hanging in our home the beautiful painting that she painted and gave us. How super special she was. She dearly loved us both. Needed to share, not that you don't already know. Love you forever, your girl.....kisses and hugs. Oh Sara is putting a tattoo on her that is a teddy bear with your name and date, she always remembers her Papa bear hugs. I really thought that was above special.....LOVE...

I continue to feel you all around me, I hear your thoughts, and I know you are having a great awesome time with all our love ones. So much going on here, but I know you are right in the middle of it. Looking over all of us, I see the butterflies and the red birds and I KNOW you are with me. I find the coins and I am so much aware of your presence. Stay with me, I am not the same, never will be. Again, happy anniversary and I will thank you forever for the great LOVE we shared. I LOVE you, Your's forever.....Betty

I want reading your notes last night, I love them and so thankful after all these years I held on to them. They are so comforting to me. Everyone is doing fine, busy as adults with children, but that is a good thing. We would not want it any other way. I know they miss you being there with them in all the sports and activity they do, but when they stop and think for a minute they realize you are right there. Papa don't miss much. I love you and miss you so terribly. Your's forever, Betty

“ Hello my LOVE!!! The LOVE of my life. I am missing you terrible. Thank you for letting me know that you are with me all the time. It amazes me how I know you are there and the things you do. It is raining so bad today that I was unable to drive to work and I am working at home. I often listen to your voice message that you left me, I have several but the last one is super special. We are now that proud great grant parents of another baby boy born July 24, Rory Landon Ellis. He looks so much like his sister Raina, he will grow up everyone thinking they are twins. Sara and Ryan are such great parents and Sara said she knew you were there with her. Raina sees you all the time. So I know you are taken good care of them. It is hard being so far from them. I wanted to write on 07/09 but that one a very hard day for me as you know. I can't believe it has been a year. This trip to VA as Melinda explain was a milestone for me. The first night there I lost it and Melinda was very comforting to me. As we traveled I saw places we had stayed, ate at and just did a lot of fun things. We did love traveling together, we had so much fun. Patricia took your picture and lite a candle that whole week and put roses by it. So very sweet. I don't see Jay or Mark much, but they are busy with growing children and enjoying life. All our kids knows you are with them every day. Continue to stay with me day and night. I love you more each day, and forever in my heart. I am so blessed to have had such a great love that we shared. With forever lasting love, your wife BA

“ I met Bob in 1993. He worked with Custom Equipment and I got to know him thru his business partners who visited my booth at a home and garden show in St. Petersburg. I worked for a broker-dealer in Tampa and was looking for some prospects to help me grow my business. We had a fish bowl where people put in their name, phone number and what they were interested in learning more about in the world of mutual funds and insurance products. Well, Bob did not immediately "jump in" but took his time, about four years to be exact. They were small steps at first and he slowly warmed up to the idea of investing his money and earning a little more than the bank was paying. He was a trusting man and asked many questions and then said he would think about it. After sometime he started trusting me and our relationship began. Bob felt he was starting late but knew it would benefit his wife Betty at some point. However, that point came way sooner than all expected, including myself. He was a joy to talk too. We had some wonderful and lengthy conversations about everything from the weather to the family.

He will be missed by many but the memories will last forever!

“ Bob was an amazing man! As a young married couple moving into their first home, Bob made sure that we were always taken care of! We knew we could always walk across the street and he would help us fix anything! He was our "Bob the Builder" He watched as our family grew with two boys! I will deeply miss the wave he would give while on the riding lawn mower! Or knowing that he was always keeping an eye on the boys playing outside, while he sat at the table under the tree! He loved watching Dylan shoot baskets! So many little things will be missed. And only Bob could be such good friends with Santa and make sure that we had a special visit from him one Christmas! The look on my boys face when Santa rang our doorbell!!!! Thank you Bob for always being our "dad"!!!

“So we are always of good courage. We know that while we are at home in the body we are away from the Lord, for we walk by faith, not by sight. Yes, we are of good courage, and we would rather be away from the body and at home with the Lord.” (2 Cor. 5:6-8)

“ Well put Rite Worshipful Nate.....well put.....we are all better individuals for having known him. His blue sparkling eyes and mischievous smile, and those reddish cheeks are forever implanted in my memory. In my weak brain, Losing Bob is like losing a statute of a man like John Wayne. Whenever we pray to God to keep a person out of pain, and even to make a person better, there are times that God brings that person home, where they shall be like new. We have lost a grand friend, but the heavens received a grand Disciple. I have lost a little bit more of my heart.

“ Dear Brothers,
I, too, feel a great loss upon the demise of RW Bob Alderson. He was always fun to be around, but more than that, his knowledge of Masonry and his tireless efforts to get things done, were of immeasurable value to our Fraternity. His smiling face upon entering the building was a pleasure, and his kidding around in the Dining Room seemed to have a calming effect upon all of us. Words cannot express the sorrow which I feel. I pray that our Creator has received him into His Grace, and that someday, we will all meet again in that Realm where we will never again be parted. I also pray that his Family will be showered with God's love, that they may understand that this is all in God's plan, and although we may not be able to fully understand this Event, it is for the Glory of God. May God bless each member of his Family, and also pull each of us into a closer Brotherly relationship. ,,,Nate Johnson,,,

“ My papa and I share some very good memories from when I was little all the way to now being 23 years old . He changed my first diaper! He built me my first rocking chair being about 2 yrs old and has given me a new one now to rock his great grand son Kaiden in. He has always been there and we have always had a good relationship but to me much stronger this past year than anything. I'm so blessed I finally got to share so much more time with him on the holidays at my cousins foot ball games even just random days to just say hi. I love him very much always will & will miss him very much but I know he is home and I know my mom, his daughter are sitting up in heaven together watching over each one of us to make sure we are all ok.
