“ *Brother Kyle, When my mother went to be with the Lord in 1987, I felt like a part of my heart went with her. My mother was also my buddy , I could talk to her about any thing, At the time I became mad at God, Then I realized that God has a purpose for all things , and i also realized that she is still in my heart, and yes there are times that i still miss her, but knowing where she is makes it a lot better . We love you and your family bro Don*

“ Sister Shelly was a wonderful woman she was always very nice to me and my family and we had Sunday school class with her a lot and she would always make her delicious brownies and we love them very very much like they were the best and it always sucked because she couldn't eat them because she was allergic to chocolate and peanuts but we valued every moment of that and we really enjoyed her she will definitely be missed and we're very sorry we love you guys and we will be praying for you guys

What great memories I have of the times we spent together. Loved the neighborhood when we were all there together. Wish we could have had more times together as adults. You left us way too soon.
