“ Pops I miss you so much you were my side kick everywhere i went you were right there with me you treated me like a daughter. I will be forever grateful for the time i spent with you I listen to your stories you would tell me about your life. I cant believe your gone i look over at your empty chair and i just bawl because we had a routine everyday I am lost I guess i was being selfish because i wanted to keep you here and i know you were tired and you wanted to go be with Jane the love of your life and you have your son. Heaven sure got a special man. I love you and miss you pops. Dont worry we are taking good care of susie & Clyde your puppers like i told you i would.

“ Pops I don't even know where to began, my heart ❤️ hurts bc I'm so selfish I want you all to myself.. I am so glad I had no gaps in my life with you. I can remember as a child you made sure to come see me every few months when I was in Georgia. I've always been your girl “Ratchet” is what you named me and I surely have lived up to it. I know you're in a better place or that's what they say! I just wish I could have 5 more minutes with you. The bond you built with my children are out of this world. Noel just keeps asking why! I love you Pops and I'm glad the name I gave you stuck. I love you old man&& please keep a watch over Robert.
