“ Nanny, I miss you so much and I think about you every day. I wish you were here to see the kids growing. Ky just lost her first tooth and the boys are getting so big. I still find myself thinking I need to call you because I haven't talked to you lately. Then I remember that I can't call you and my heart breaks. I know you're always with me and that thought is what gets me through to the next day. Love always, your Honeydew Melon

“ To all of Susan's family members...sons, sister, grandchildren and cousins. Let me express my sincere sympathies to each of you in the homegoing of Susan. I have known Susan since I was very little. We lived and grew up together in Pierce and went to church together in Mulberry. I do not ever remember not knowing Susan. I thought she and Sandra were the cutest little girls in church. I was 5 or 6 yrs. older than Susan but fondly remember playing with them and especially at church when we would have "Dinner on the Ground" after a Sunday morning church service. What fun we had. After our school years, we lost touch with each other but every time I'd see her sweet Mom, Evelyn, I'd ask about her. Finally, about 5 yrs. ago I saw her when I was in Mulberry for one of my class reunions. Wow...what a delight she was!! I had such a good time talking with her and catching up after all the years. Please know you all are in my prayers as you go thru this rough time. I recently lost my husband so I know the hurt and sadness in each of you. May God give you comfort...and He will if you ask...and know that Susan is safe in His arms and waiting to see you again.

“ *I have known Susan since elementary school. I remember going to Susan's house when we were just children and playing the game Cootie. Susan was so pretty as a child and an adult. I didn't get to visit with Susan after we became adults. I finally got to see her again when my class of "68" got together. I will forever cherish my memories of our childhood. Prayers for your sons and sister and for all of us that will miss you.*

“ Your mischievous smile and the look on your face always made me laugh, and I didn't see you often as we became adults due to distance and living situations, but you could always see right through me, and you were so nice to me as a kid and teenager...I loved being around you anytime the family was down from Michigan, Virginia, KY or any of the other 100 places we lived. Wish I had gotten to spend more time with you since I have been back in FL. My condolences to Donnie, Dale, Sandy, and your other relatives and loved ones. RIP, Susan. Love you...Howard Dickey, Jr.

“ To Susan- To someone who will always hold such a special place in my heart. So many memories I have with you in them & I will never forget. I try to understand this but, I do not ? it. All I know Susan is-you are at peace-you are with God in a much better place & one day we all will be together again and what a special day that will be. Susan, you were such a Lovely woman that was funny-was fun to be around with-and some things I will not write here but just memories that we shared I will never forget Susan. This world is now empty another beautiful soul that represented what was good in this world & the kind of soul & person you were, are just becoming more rare by the day. But 1 thing is for sure-there will never be anyone like you that I will ever meet in my life time & Susan-All my love to you forever & always. What a beautiful person you were-inside & out & I cherish the time we did have together. So Susan-this is my goodbye to you for now-I know that we will see each other again in God's time. I love you for all you done for me & for being there in my younger days. I will never forget you Susan Hayman.

And All my love & prayers go out to all of the family.

With all My Love,

“ My sincere condolences go out to Susan's family. I knew Susan back in the 80's and then met up again in the past few years when she started coming to Ardella Baptist. She was kind, caring and giving of herself. I'm just so sorry for your loss. I was shocked to hear of this. I'm glad I know that she knew Jesus and is with him in eternity! She has no more pain and no more sadness. :) God bless you, Lora Lindsey

My deepest condolences to Susan's children, grandchildren and family, you were everything to her and she prayed for you all daily. It saddens me that I didn't know her longer. We met at Ardella Baptist and hit it off like we were old time friends, so many conversations about life, before her mother died, the heartaches she had regarding her care. Then we went to Willow Oak Baptist and the last time I hugged her she begged me not to leave Florida, little did I know that would be the last until we meet again in heaven Your mother was a precious, Godly woman and I will miss her but I have peace knowing I'll see her again. Praying for all of you that you have peace and if you don't know for sure you will see her again in heaven please, please make it right, I know its her desire to have you all with her.
