“ Your family has been wonderful friends with our family for well over 50 years. When your dad was in service overseas, we spent many hours with your mom, Ray and David celebrating birthdays, holidays and everything in between. Your mom was an awesome cook! Even recently, as I prepared her famous enchilada casserole, I thought of her and her infectious laugh. When your dad returned from the military and worked as an electrical inspector, he would often drop by the house to discuss "electrical issues". And, always with a smile on his face. You two boys, Ray and David were like sons to our dad and he loved teaching you the electrical business. Your family is very special to us and our memories will never fade.

“ *Condolences to the Baggett family,
I am the daughter of Ted and Kitty Gill. I was saddened to hear of Mr. Kip's Passing. Memories of your Dad to me always incite a smile. We visited his home when I was 16 and he took my friend and myself to an area where we could dig/hunt for shells. We had a lot of fun. He and Kip visited my parents a few times in my memories and my daughters also had the joy of meeting them both. Laughter and fun would be the words we all would use to describe him/them. My parents would say they were the best friends they ever had and are deeply saddened. They were the kind of friends that no matter how many years went by between seeing one another, the bond never faded.*

Again, my condolences to you all,
