“ it has been 6 weeks today Mama, I don't cry as much (all the time) just when I drive to and from work. That was our special time to talk. I miss you so much, I miss our talks, You always had time for me 2 or 3 times a day, now I have no one. I still talk to you but you don't talk back to me. I keep journal so I write to you almost daily. I look at your picture and still can't believe you left me, you died, you left me here on earth. I miss you, I love you and will until the day I die. Your loving daughter Pam

“ where do I start.. Wanda Edith "Pate" Alderman was/is the **GREATEST** mother on this earth. She would walk back and forth to work, to put food on the table for her children. She would say she wasn't hungry and pass her plate to her children. No she wasn't perfect, but she was the closest thing there was. I only hope and pray I can be **HALF** the mother, wife, sister, aunt, grandmother and great-grandmother that she was. This women suffer for over 12 years with a heart condition that her doctors did not even know she had. And still up until Nov. 9, 2016 she still sweep, mop, vacuumed, cooked and cleaned for herself and Tex at almost 80 years old with only 20 % of her heart working. Amazing women. I hope I can be **HALF** the women she was. I love you Mama, so very much and I am so sorry that **PEOPLE** just thought you fat and lazy, but you wasn't you only had 1/3 of your heart working. And had over 60 lbs of fluid on your body. I wished we had known we could have had you on prevented medicine you would not had to suffer for as long as you had. I love you Mama, at 56 years old I still need my Mama, my best **FRIEND**. I know you are with Grannie Pate, Adam Roark, Mikey Morton, David Gentry, Helen Mays, Dianne Booth, Delores Pate, Ray Phillips, Steve, Mark and Eileen. But I still wish you was here with me. Your oldest daughter: Pamela Anne "Morton" Meyer
