“ I am the attorney who represented William in connection with his accident. I did not have the pleasure of knowing William before the accident, but I did come to know him through his very loving family. William's accident was an absolute tragedy that changed everything he was set to accomplish in life. I am happy that his family has had him all these years since the accident; the result of the crash could have been much different. Vivian, Susie, and all the family, I pray you may find your peace.

“ I'm very saddened to learn about William. He was my first kiss as a young teenager. We planned our whole life together that summer. From marriage, to the house we would live in to babies that we would gave. Unfortunately we lost contact after that summer because of my mom. He had dirt blonde hair and a pretty boy face. I was head over heels for him. I did get to reconnect with him in high school through his cousin Michelle before his accident. He had a girlfriend at the time so he wasn't available. I will never forget that summer. I found out about his accident and went and seen him at his nursing home.. Thanks for the memories we shared and may he Rest in piece.
