“ Billy,

I was really blessed to have you for a son in law. I'm so thankful for the wonderful gift you and Sheila gave to everyone, Kayle. She talks about you all the time. Especially yall spending Thanksgiving up here almost every year. The way her and aunt Vi would make a home made three layer red velvet cake. She thought that was neat. Chuck and Daphne talk about the times yall spent together and they were happy to call you their Brother in law. Charles misses watching the Thanksgiving football games with you. Aunt Vi and Uncle Bob miss just sitting outside talking and spending family time together...We all have wonderful memories. Oh yeah and thanks for sneaking me snacks when sheila wouldnt let me eat them. We will see you again.

*Love you,

“ William,
One year ago today at exactley 6:18 am, God took another Angel home. He knew you were tired and weak and needed rest. It was the hardest day of my life... I lost my Husband, Partner, Other Half and Best Friend. I really miss talking to you. I still do all the time you know that but it's hard. P talks about you all the time too. Maddie points at pics. of yall and says Papa. Thats when it's really hard too. Kayle misses you being there for school things. She's really doing great in school too. Kayle is growing up so fast. She talks about you all the time. She's doing good but I know you know that. She's becoming such a beautiful little lady... They say it gets easier but I don't know I miss you more today than yesterday but I know one day we will be together again.

I Love You

“ Billy,

Fourteen years ago Tuesday, our beautiful daughter was born. She was the best gift you could have ever given me. Although, she says she was the best gift I could have given you since your birthday was coming up. It has been hard this past year but I am helping her get through this the best I can. She still goes to counseling and is doing very well in school. She has her first formal this year, she is growing up so fast. She misses you so much!

Sheila I have had talks with you about Billy and through our talks I know what you and Billy meant to each other. I know what his girls meant to him. Your love for each other was something everybody wished they had. The love for his girls was something that other children would love to have. You both had a special bond that could never be broken. I may not have been there in person but was there in heart. Billy will always be in you and the girls hearts and he will always be shining down on you. Love you all Lizzy

“ *William, I love and miss you so much. Peyton talks about you so much. I had a headache and was taking some motrin, she said when you got home from the doctors she was going to take care of you and give you your medicine. She talks about all of us going to bush gardens again. She doesn't understand because in the next sentence she talks about you being in heaven. She likes to look at the pics of you. She loves to talk on the phone to your mom. she talks about calling you to tell you to get better. Just wanted to let you know even little P talks of you often and the things you did especially you and her eating Skittles. I love you with all my heart.*

“ Billy,

It has been almost a month since you passed away. Kayla misses you so much. I took Kayla to see you a few weeks ago, all she could do is cry and say it isn't supposed to be this way. She is right; you are supposed to be here for her. She will always be your little girl, and I will make sure she remembers the good times you had. She remembers the last words you spoke to her "I Love You". You have no idea how happy it makes her knowing that was the last thing you said to her. I know that since we were divorced 10 years ago, we have had our ups and downs. We all know why we had our hard times. You didn't deserve this. I always thought you would beat this. I know how much Kayla loves you and how much you loved her as well. I know you wish you could be here to spend more time with her. Football season is about to start, I know how much Kayla loved to watch the games with you! She keeps track of Kasey Kahne as well. Your parents miss you so much. I know they are still trying to be strong for you. Your family was always there for you and I know that was important to you. David pulled the family together so that your ramp could be built. I know that made your time easier. Debbie and the rest of your family were constantly bringing food over and making you whatever you asked for. Your mom has told me how she would come over so that Sheila could run errands, your mom and dad loved the time to spend with you and the long talks you would have. I know how much it must have meant when your mom Gerri fixed the bathroom and put the new air in so that you could be comfortable. Brenda and Gene were always bringing food and were there for you. They would come over just to pray with you and for you. I know this has been very hard on Frankie and Stuffy; you were always so close with them. You were Frankie's little brother and no words can describe the bond that you had. Your family truly loved you and will always honor your memory. I promise Kayla will always be a part of their lives.

Thank you Suzanne for your kindness and appreciation and the beautiful card that you gave me it means a lot. Billy loved his family and i know that he trusted and confided in his family. Kayla will always be her daddies little angel and he will always cherish the time she would be waiting at the window looking out when she heard his truck pull up and when she saw him get out of the truck she was so happy. Kayla will always be in our lives and always be reminded of what a wonderful daddy she had. Thank you geri

When we went to disney for the halloween party, the camping trips, the 2 trips to Tennessee, but most of them are in the pool at our house.. You loved to come up and you and robbie would get in the pool and float around on the floats with a beer in your hand. I hope you know how much we loved you and how much Robbie thought of you. “ *William I Miss You So Much. Kayle misses you so much too. She was so used to helping you everyday. I'm so thankful she was able to be there for you. I know it was alot for a little girl to go through. I think it has made her a stronger little lady. She hasn't lost her faith. I will keep all my promises to you: She's going to be baptized, She will stay in church, She will graduate, and Straight to college. She knows to keep God frist. She has a wonderful church family actually two wonderful church families along with wonderful family members. Mrs. Amber and Paul said they will help keep her in the right direction. They love her too. You know that. I LOVE YOU!!!!*

“ *Shelia, I did not have the honor to know Billy very well, but everyone who knew him was so impressed with him. They say what a wonderful Father and Husband he was to you and the kids. I wish I could have known this wonderful man you loved so very much better. I do know one thing he was very very lucky to have you for his wife. The love you two shared is something people dream of having in their lifetime. You two were lucky to of found each other. I know your pain is raw and I wish there was something I could do to make it better. The one thing I do know is Billy is still in your heart and he is with his Father in heaven. Shelia I have known you a long time and your strength through this all is amazing. I have prayed for your family for a long time. One thing I can say is you will always have your memories and what a blessing those are. I love you.*

*Love,
Shauna*

“ William another favorite memory was when I was working and We were taking care of granny cannington. You stayed home with her that day and evening. I walked through the door and the first thing I noticed was she was still up which was very unusual (she was in bed by 8 every night). Then the fire in the fire place, then on the counter was a dozen roses, a few present and a home made choc. cake with choc. icing. You had to stay on the phone with your dad about 30 mins while you did the cake. I continued through the kitchen to the room to change and you had a big bubble bath made with candles lit all around it and a glass of wine. Granny had stayed up till 11:00 P.M. to tell me how good you had been to her and how she knew you were special. She said sister you better hold on to him. That was 9 yrs. ago. You are my heart and soul. I miss you so much. My heart aches so bad. I want to hold you. I love you William.

“ *It hurts so bad to see our daughter have to say good-bye to you. You won't be here for her first date, first heartbreak, the day she gets her driver's license and her first car, graduations, her wedding day, or the birth of her own children. You have fought hard and I know you are tired. I promise you that no one will ever take your place; you will always be her daddy. Please watch over her and help guide her.*

I'll never forget you, Billy. I love you with all my heart and soul.

“ I don't know where to start, all the memories I have of my brother are good. I not only lost my brother I lost my best friend also. I loved Billy with all my heart and soul we had so many good times together. It would be hard for me to pick a favorite because I cherished everyone of them and there were just so many.

Billy was the true meaning of the word man, he was one of the strongest people I knew. He always worked hard and took care of his family, and he loved life. I also noticed with all the things he has went through over the years he still had a great attitude. I think a lot of us could have learned from him. It didn't seem to matter how he felt he would still get out and go and do if he could especially for his kids.

I know a lot of times men don't say how they really feel about one another, it's a pride thing I guess. All I can if you really love someone you should tell every time you see them. I know in my heart my brother knew how much I loved him. I'm not only saying this because he was my brother but Billy was one of a kind.

As hard as it is to let him go I know he is with God now and that gives me some comfort. He fought a long hard battle but now he can finally rest.

I love you with all my heart and there will never be a day that passes that I will forget you. Your Brother

Frankie your brother Loves you so much. It was something we talked about. One thing your right about is men don't say how they really feel. It took Billy a little bit to let everyone else know but he did I'd hear him tell you love ya buba. He meant it. He talked about the things you and him used to do. He's up there watching over you now. Smiling apon you.
